

# Molsridttet

Newsletter no. 1 · Christmas 2009 · Molsridtet 2010 (the ride in hilly Mols) is an endurance ride.

**One year with planning has almost gone. A lot has happened, and the puzzle is almost finished.**

## 2 rides in 2010.

In 2010 we will hold 2 endurance-rides. One national ride in March and a both national and international ride in June.

## Molsridtet - a FEI\*\*\* endurance ride.

We are very proud to say that Molsridtet June 2010 now officially is a FEI\*\*\* - endurance ride.

Johanne Hvid and Flini ox - a view from a hill-top in the Nationalparc Mols Bjerge.

## A beautiful and demanding ride.

The riders will ride in one of the most beautiful areas of northern Europe. There will be beautiful views from the hilltops - where the riders will overlook the hilly moraine landscape down to the beaches. Also there will be

slopes in the sand along the beaches and along paths in the forests.

## Some of the best officials and vets.

From the beginning of our planning we decided, that we only wanted the best officials and vets. And we are now pretty sure that you will agree with us, that we have a strong team of steward, judges and vets from many countries around the world. See names at <http://www.molsridtet.dk>

## Timekeeping - not an issue at Molsridtet 2010.

Molsridtet 2010, both the ride in March and June, is collaborating with Endurance Team Styria - Timing solutions. Team Styria has huge "know-how" in timekeeping. FX. Team Styria did timekeeping at

CH-W-J-YR\*\*\*\*  
Babolna (HUN) World Endurance Championship for Juniors & Young Riders.

## Signs and route-marks.

We've found that many riders complain about the signs along the routes. At Molsridtet we therefore have decided to produce our own standard of markers and signs.

Black route - forward

Also we have decided that these markers must be placed in a distance so the riders will be able to see at least from one sign to another.

Blue route - 20 km marker

## More than just another endurance-ride.

The ride in June will be an endurance-ride with focus on the social

aspect. All meals, no drinks, will be included in the entry-fee. There will be a huge amount of BBQ's, great sandwiches, salads and all will of course be "sports" food prepared by our three carefully selected cooks and their staff.

On friday June 4th there will be workshops about horse-diets, shoeing of endurance-horses and the latest endurance rider-fashion and much more.

## Molsridtet - "LIVE".

Currently we're collaborating with trusts and investors on financing a "LIVE" TV-satellite-feed a la "Le Tour De France". We expect to close an agreement in the beginning of 2010.

## Molsridtet is now deeply rooted in the local community.

Molsridtet 2010 is now collaborating with the local county; "Syddjurs Kommune", the local tourist organization; "Visit Djursland", the National Parc; "Mols Bjerge" and the local business community.

## Entry.

The entry for both rides will open February 1st 2010. More info at: <http://www.molsridtet.dk>

**At Molsridtet 2010, we're looking forward to see you next year  
Merry Christmas and Happy New Year**
