Dear Roger Taylor and AERC members:

The Roswell Field Office is proud to recognize your outstanding dedication to service at the Fort Stanton Snowy River National Conservation Area. You and members of the American Endurance Ride Conference have demonstrated your passion and deep connection to the land, resources, and your community. It was for these qualities and more that you and AERC members were recognized with the 2004 BLM Director's Four C's Award as well as a 2004 Department of the Interior's Take Pride in America Award.

Over the course of 14 years, you and AERC members have assisted in developing a renowned camping area and vast miles of trail, which have been enjoyed by tens of thousands of individuals. Your personal touch was essential in creation of multi-use trails and facilities that have been a great benefit to local visitors and diverse groups for years. Your service helped support the Bureau of Land Management, the local economy and the rich local history. Over the years, your service and the service of AERC members totals greater than 10,000 hours, and have provided additional support through grants and in-kind donations!

However, the truth is your work as volunteers at the Fort Stanton Snowy River National Conservation Area constituted an invaluable contribution to our land management efforts and the people we serve. We highly commend you on your professional work ethic, attention to detail, initiative and integrity.

Sincerely,

Charles W. Schmidt  
Field Manager
