This ride will raise funds for MRW (the Murphy Reynolds Wilson Fire and EMS District). MRW is the first responder for all structural, wildland fires, and medical emergencies in a 330-square mile rural desert area of Owyhee County. The organization consists of 47 volunteers (fire fighters and EMT's). They respond to more than 110 emergency medical calls (including some from equestrians) each year. All proceeds from this event will be used to purchase needed equipment for the district.
